POST PLACEMENT – USE OF THE ADOPTION MEDICAL SUBSIDY PROGRAM

AAB 2021-004

8-1-2021

EFFECTIVE

August 1, 2021.

Subject(s)

Removed language in the Dental section related to dental services processed through the foster care program prior to adoption, whereby the medical subsidy program would cover the remainder of dental services up to a total of \$5,000. This language is not needed as dental benefits prior to adoption are fully covered through foster care, and dental benefits after adoption are covered under Adoption Assistance.

Clarification.
